

## **Agenda for the Pitesti workshop May 16<sup>th</sup> – 20<sup>th</sup>**

N.B. Remember to keep your boarding passes / original travel documents.

### **May 16<sup>th</sup>**

Arrival in Bucharest and transportation to Villa Florica

19.00 Dinner and networking (some teams are still on the way...)

### **May 17<sup>th</sup>**

09.00 Transport to the university.

09.45 Introduction to the tasks ahead

10.00 How to use the Web Page Text Blender. Handout of CD-ROMs

10.30 Each team make a web page with the Web Page Text Blender – with video or audio support. Remember to bring a text and a video / audio

11.00 Introduction to Hot Potatoes and walkthrough of possibilities

12.00 Development of exercises to follow the web page created by each team

### **May 18<sup>th</sup>**

09.00 Official welcome to workshop by Mihai and Kent

09.15 Walkthrough of status, schedules, quality control, and dissemination. Kent Andersen

09.30 -13.00 The Romanian and Lithuanian teams compare and compile their research findings. The resulting compilation is presented to the other teams to form the background for development of the two teacher courses.

09.30 – 11.00 Each team presents the work done by the team. E.g. videos developed, materials written, dissemination, online activity, contact to possible clustering partners, ideas developed for the two teachers courses etc. Debate on project status

11.00 – 13.00 Formation of two teams. Team A and Team B

Both team A and B look into how to cater for disadvantaged students like visually impaired and deaf students.

Team A: Debate and go through the suggested course content for the “Methodology course”

Team B: Debate and go through the suggested course content for the “Courseware development course”

14.00 The LT and RO teams present the research results

16.00 Based on the gaps analyses (LT and RO) Team A and B continue their work with editing and suggesting items for the two courses

## **May 19<sup>th</sup>**

09.00 EFQM quality control. Walk through of project outputs, interim results, and workplan, each item is evaluated and minuted for documentation.

10.00 Administrative items: Budget analysis and advice. Kent Andersen

11. 00 Presentation of ideas and scenario for the DIY video to show development of online content. Kent Andersen

11.30 Group work with suggestions for external evaluation / questionnaires to be produced

14.00 – 16.00 Individual consultations with each team with feedback on achievements, budget etc.

14.00 Competences needed for each module in the two courses. Groups A and B continue their work from day one, but this time pays special attention to competences needed.

16.00 Quick presentations of the work done by teams A and B. The interim results are e-mailed to [ka@ots.dk](mailto:ka@ots.dk) for publication on the website. The two groups continue the work online after the Pitesti conference.

17.00 Plans for piloting the full courses in LT and RO, and in selected parts in the other partner countries.

18.00 EFQM quality control of achievements
