The software allowed me to manage more effectively the time available to read the text	5 ++	4 +	3 +/-	2 -	1 --	n.a.

The dictionary interface worked well	5 ++	4 +	3 +/-	2 -	1 --	n.a.

What I liked best about the software:

It's good for the teachers to prepare worksheet. Also it helps the students to study reading passage on their computers in school even at home.

What I think could be improved:

I think it could be added new exercises. (eg. writing, summarizing)

Other suggestions

Sometimes it's hard to write the link address. It may be shorter and easier.

What I liked best about the software:

It's easy to work with and will be fun for the students I think. It enables different kinds of exercises at the same time and it saves us time.

What I think could be improved:

There may be more exercises. There may be used some text with necessary terms for our schools, (location school)
